

VOLTAGE REGULATOR

Voltage regulator Part # D7NN10316B

This regulator fits D5NN10300E D5NN10300D D6NN10300A D7NN10300B or D5NN10300D alternators.

available at http://www.tractorpartsinc.com/voltage_regulator_d7nn10316b_3473_prd1.htm

Three of the four wires go to the alternator. The last wire goes to back of ignition switch. See wiring diagram below.

Check this wire first for voltage (with key on).
